Council Raises City Tax Base

BICENTENNIAL FLAG is shown by Mrs. Anne Simmons and Mayor Pro-Tem Lawrence Zotz at ceremonies on Yoe Field before the Friday game. This makes Cameron an official Bicentennial City. A Cameron flag was also unveiled at the cermony, designed and constructed by local women. Here also the bicentennial flag is shown after it was raised on the flagpole at the field along with the Texas and United States flags.

Funds To Be Earmarked For Street Work

The city council voted unanimously at a special meeting Monday evening to raise the city's tax base from 40 to 50 percent of valuation, with an eye to getting funds for street work.

The motion included a clause earmarking funds raised by the increase for street and drainage improvements. The funds will be kept in a special account for that purpose only.

Action came upon a recommendation by the city planning commission and the council street committee, and was quick with no opposition.

The special meeting was called to go over the proposed city budget which goes into effect October 1. Mayor Pro-Tem Lawrence Zotz presided in the absence of Mayor Gene Blake, who is still in Houston recovering from back surgery.

During discussions of the budget, it was determined that two new garbage trucks are needed, and funds are in the street and sanitation budget with additional funds to come from revenue sharing.

City code inspector Edwin Bigbee pointed out to councilmen that his expenses are rising and asked for an adjustment. Accordingly, council voted to increase his salary to $475 a month. Bigbee also receives $600 a year as fire marshal.

Bigbee told council there is a lot of building going on in town for which no permits have been issued. He pointed out that when this is the case, the fee is doubled, according to the Southern Building Code which Cameron adopted.

Police Chief Kent Butler was asking an increase of $2,736 in the police budget to take care of vacation relief pay. It was noted that the department has ten people on the payroll, including four radio dispatchers.

Discussion was long and drawn out on this item, with final action being an increase of $736 for dispatcher relief and the raising of the night watchman's salary from $6,000 to $7,800, pending his becoming certified as a city patrolman.

Another additional item for the budget was voted upon request from Councilman Ernest Moore, who is a member of the Bicentennial Committee. The Committee asked for $2,000 to be placed in the budget for needed expenses during the year. Council so voted, without opposition.

Discussion also centered on how long the city is liable for street paving authorized by the council. Councilman Gene Lumpkin said the books should be cleared at least once a year on street work.

116 With F.M.L.

YECK, 'OKLAHOMA!'

Everytime I see a soloist stand up and sing a number like "the Battle Hymn of the Republic" in front of a band and/or bands, I remember baritone Robert Goullet and his problem with words to the "Star Spangled Banner."

I remember it more distinctly because Cactus Pryor, the Austin comedian and radio personality, joshed a couple phrases around just before I went up to sing the National Anthem before a Folk Fete Audience at Yoe Field in 1970. I made it through.

It seems Goullet got the rockets and bombs mixed and turned the phrases to a disastrous musical gaffe before a black-tie audience at the White House in the Johnson years. Pryor apparently was there. Goullet's memory wasn't.

Back in Oklahoma, I had to do the number before a high school band and a picnic grounds crowd over a mike. Things went all right. Gary, then governor of the state, was about to speak.

Later that year, I was asked to sing "Oklahoma!", naturally, for a dinner in the late Senator Bob Kerr's honor. It was one of those rallies and the politcos poured in from all around that part of the state.

The number is simple to sing and popular in Oklahoma, of course. My problem was not words, but music. The piano in the hall hadn't been tuned that day, that week or that decade.

The accompaniest and I sounded like we were from opposite sides of the Red River. He did his best, but the piano did both of us in.

It was one of the more forgettable renditions of "Oklahoma" in the state's history.

Bob Kerr never came back. Not while that piano was in that hall. I don't remember who the accompaniest was. Somebody said he went out looking for an ax. And I'm not yet sure whether he was going to slice up the tenor or that piano.

Five Persons Injured In 2-Car Collision

A two-car accident at 9:15 p.m. Monday sent five people to a local hospital, from which two were transferred to a Temple hospital following emergency treatment.

According to Police Chief Kent Butler, the collision occurred at Fourth and Fannin between cars driven by Frank Rodriquez of Rt. 1, Chriesman, and Ventura Ibarra of 106 Colfax in Cameron.

Rodriquez was traveling west on East Fourth and Ibarra was travelling east on East Fourth and attempted a left turn north on Fannin when the collision occurred.

Injured were Frank Rodriquez, 17; Margie Rodriquez, 17; Micalaso Rodriquez, 44; Donna Marie Rodriquez, 6 months; and Carmen Rodriquez, 16.

They were all taken to a local hospital. From there Carmen and Micalaso were transferred to Scott and White Hospital at Temple.

Investigators Clear Suspected Oil Well

Investigators of an oil theft ring said Monday that what was thought to be a phony oil well in Milam County used in a scheme to launder stolen crude is in fact a working, legitimate well.

The Houston Post quoted James Smith of the Texas Railroad commission as saying an electrician had told Texas Rangers he had hooked up a dummy well that was only four feet deep and not connected to any producting source.

Following the man's directions to the site Saturday, however, Smith said he found the well was a legitimate operation.

There was a four foot pipe sticking up out of the well, said Smith, which may have been the point of confusion. He said he believes the well located Saturday is the well the electrician described because his directions were so accurate.

Investigators were interested in the well because they thought it might have been used by an oil theft ring believed to be operating in Texas, Louisiana and Oklahoma.

Such a dummy well could be used as the origin of oil that actually was stolen, said investigators.

Investigation into the oil theft ring began several weeks ago, and during the development of the investigation it was believed that storage tanks once used to collect stolen oil were located in Milam County near Milano.

Runnels County deputies were led to four tanks at three locations near Milano by a man who confessed that he once transported stolen oil to the tanks.

The prisoner was one of several men charged in Runnels County with felony theft in connection with their alleged roles in the ring.

Runnels County Sheriff Don Atkins, who said he believes some of the oil at the tanks came from his county, said deputies were not able to identify the owner of the tanks.

Postage Rate Increase Due After Christmas

Postage rates will not increase until after Christmas, Postmaster General Benjamin F. Bailar announced today. Bailar said that the postal service will file with the Postal Rate Commission for the new rates "some time in the next two weeks."

If the Commission does not act within 90 days of the filing, the Postal Service may increase rates on a "temporary" basis.

The exact amounts of the increases to be requested have not been finally determined, but they are expected to include 13-cents for the first ounce of ordinary first - class mail, with appropriate increases for other classes of mail. They will most likely take effect during the week following Christmas, although the precise date cannot be set until after the filing with the rate Commission.

The Postal Service ran deficits of over $430 million for fiscal year 1974 and approximately $825 million in fiscal 1975, and estimates current losses at approximately $200 millon per month.

The post-Christmas rate increases are necessary to stem these losses. The losses are due to inflation - driven cost increases and extreme delays in prior rate adjustments. Bailar said he was optimistic that the Rate Commission would move promptly on the new increases.

Grand Jury Recesses

The Milam County grand jury met Tuesday morning but did not return any indictments. The jury recessed and will meet again on October 1.

Adult Ed Classes

Adult education and GED classes will begin at Milano High School Thursday night, Sept. 18 at 7 p.m.

Anyone 17 years or older may enroll in the class and school dropouts 16 years or older may also enroll.

Farmers' Costs Could Go Higher

President Ford's veto of the Emergency Petroleum Allocation Act could end up costing the nation's farmers an additional $1-1 -/2 billion a year in increases production costs, Jay Naman, president of the Texas Farmers Union warned this week.

"We are already paying two to three times as much for petroleum products as we did a year ago," Naman said. "In addition to the increased costs experienced this past year, we now have reports that at least one of the major oil companies anticipates that it will have to increase its price of gasoline some seven to eight cents a gallon to recover increased crude oil prices."

"It can be reasonably expected that increases in all other petroleum based products, including fertilizer and transportation services, will occur along with that of gasoline," Naman explained. "Of significance to farmers is the fact that they will also lose their priority in allocation of fuel and propane."

Naman said that with price controls lifted, "old" oil would be allowed to rise from the ceiling price of $5.25 a barrel to the current price of foreign and uncontrolled domestic oil, about $13 a barrel.

"What this all adds up to," Naman warned, "is an increase in the cost of production for farmers and eventually increases in the cost of food to consumers."

Naman recalled that President Ford had promised farmers in a speech to the Kansas Legislature on February 11, 1975, that a rebate program would be established "to compensate the American farmer for increased energy costs caused by our conservation program."

"However, no such program has been put forth by the President," Naman said.

"Even a forty-five day extension of the present controls will not help the situation, based on the attitudes of the President and Congress," Naman added.

"Congress must get on with the business of establishing a national energy policy. This policy must assure agricultural producers of continued adequate supplies of petroleum products at stable prices. Farmers cannot cut back on their use of petroleum products, on the one hand, and meet the challenge of the government for all out production, on the other," the farm leader said.

"Any program, or lack of national policy, which will increase the cost of production for farmers will eventually show up on the supermarket shelf in the form of higher food prices," Naman warned.

New State Tax Office Opens In Belton

Comptroller Bob Bullock has announced the opening of a new area service office in Belton to better serve Central Texas taxpayers formerly served by the Austin and Waco offices.

The new Belton office will serve Bell, Falls, Coryell, Lampasas, Llano, Burnet, Williamson and Milam counties for all taxpayer needs.

The office is at 116 South East Street in downtown Belton.

"The distance a taxpayer has to travel to the nearest office is just as important as the area's taxpayer load in placing a new office," Bullock said.

Jim Bishop, formerly with the Comptroller's field operations headquarters in Austin, will serve as field manager of the Belton office, Bullock said.

To create the new Belton office, Williamson, Lampasas, Burnet and Llano counties were taken out of the Austin district. Bell, Coryell, Falls and Milam counties were taken out of the Waco district.

Beyond Sophistication...

It used to be the press annually enjoyed the "silly season" in Europe and in the English-speaking world. That is when hard news is scarce, usually when cities like Paris shut down and everybody goes south for a month or so.

But an entirely new thing has occurred in the past few years, thanks to television talk shows and people's desire to know something, but not too much about people in the news or the arts.

One publication calls it "Celebrification" of nearly everybody. Another notes a "celebration of celebrities" who are "people well known simply for being well known," according to Edwin Diamond in a Columbia Journalism Review piece.

It's the "silly season" drawn through the calendar year. So much bad news inevitably puts metro print and electronic media out looking for light stuff, which means trivia about people.

Fortunately, the trivia in detail is quickly forgotten, but the superficial inquiry is symptomatic of not wanting to get involved anymore than events have involved us.

Celebrities used to be someone who had done something. They were achievers, perhaps heroes in succeeding over major obstacles, like Perry traversing the North and South Poles, or Lindy's lone flight from the U. S. to Paris.

Now instant recognition is possible with one television appearance. Instant "celebrification" if you will. Instant forgetability isn't far behind.

The press contributes to this because of the enormous material required to fill all those pages and all that screen time. And the fact too much heavy stuff has gone down contributes to trivia's elevation to "People" magazine.

An old-fashioned hero probably would be too threadbare and unphotogenic for this day. Lincoln was ugly, Washington had a wart and wooden teeth on the one hand. But on the other Jefferson had an interesting life in Monticello and Ben Franklin was anything but a bumpkin from Philadelphia.

If a real hero looks like a jetsetter, he would be disavowed by the jetset because he is too serious and disbelieved by everyone else because he looks like a jetsetter.

This is the kind of stuff drawing space and time in the nation's press, a sort of lingering "silly season."

We've humanized our heroes so this generation thinks historians made them. But in final analysis, heroes are somehow larger than life and beyond the sophistification which "celebrification" elevates and forgets.

Those August Gains...

Industrial production is up 1.3 percent in August, the highest gain since October 1972.

But industrial managers like Fred Bergeron, of Rockdale, and Texas Alcoa chief, are cautious in predicting a recovery from the fading recession.

Alcoa in Rockdale has stockpiles of aluminum which are gradually being reduced. The Rockdale plant is three-fourths productive while the Point Comfort is five-sevenths unproductive. That's quite a difference, a difference thanks to lignite.

Mr. Bergeron is cautious in optimism. A recovery is in the making. Since Central Texas and particularly Milam County avoided catastrophic cutbacks of metro industrial areas, our recovery won't be so dramatic.

It may take another year nationally. Our estimate is things will be humming early next year. The biggest industrial month before August was just before the 1972 presidential elections.

Land Trade Proposed For Park

A big state land trade has been proposed to obtain a scenic new park on 30-mile-long Matagorda Island.

Land Commissioner Bob Armstrong suggested the swap of 18,000 acres of state-owned land near Fort Bliss in El Paso County for the federally-owned share of the island.

A joint House-Senate committee unanimously decided the state should own the island which lies south of Port Lavaca.

The U. S. Air Force has decided it will not continue use of Matagorda as a bombing range, but the U. S. Interior Department wants it as additional refuge for the whooping crane.

Armstrong said Matagorda offers among the best sports fishing and hunting in the country, and it is within easy auto range of Houston, San Antonio and Corpus Christi citizens.

Matagorda's beach is growing rather than expanding, the committee was told.

Federal holdings on the island total nearly 19,000 acres. The state owns 16,369 acres and private interests 15,570 acres.

Parks and Wildlife Commission Chairman Pearce Johnson questioned wisdom of the trade, however.

Rates Set

The State Insurance Board has set medical malpractice rates in the state's assigned risk pool 40 per cent lower than the industry asked for. Doctors insured through the risk-sharing pool will pay 18 to 20 per cent more than the highest rates charged by companies writing insurance voluntarily.

New rates for the Texas Medical Liability Insurance Underwriting Association (JUA) will cover physicians, surgeons, hospitals, podiatrists and nurse anesthetists who cannot obtain profession insurance on the open market.

The Board asked JUA to re-submit its rate filings, terming those first submitted excessive.

Base premiums for $100,000/$300,000 limits for non-surgical physicians in Harris County were set at $1,800 and at $1,200 for the same class of physicians in the rest of the state.

Rates were adopted for more than 30 classes of physicians and surgeons including doctors normally classified as "high risks."

Neurosurgeons and orthopedic surgeons will pay highest premiums—$14,000 in Harris County and $9,600 in the rest of the state. Harris County plastic surgeons will pay $10,800, those in other areas $7,200.

Hospital rates are $420 per bed plus $42 for ever 100 out-patient visits.

Constitution Aired

Secretary of State Mark White announced a program to encourage voter registration for the November 4 constitutional revision election.

White also said an all-out effort will be launched to encourage voters to study the proposed document.

Proponents and opponents of revision will outline their views at a conference sponsored by Texas Press Association, Texas Daily Newspaper Association and Texas Association of Br[illegible]rs here Sept. 19

[illegible] Opinions

Texas Department of Public Safety may provide criminal history information to the State Bar of Texas and Department of Public Welfare to assist in licensing responsibilities, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

• Texas Student Publications at The University of Texas is no longer a legal entity and cannot hire an attorney without regents' approval.

• Temporary and part-time state employees accrue sick leave, but leave for the part-timers is acquired on a proportionate basis.

•The Employees Retirement System of Texas may grant credit for service as a county attorney to a qualified member of the System.

• The Teacher Retirement System can purchase insurance for liability under the Texas Tort Claims Act. Insurance for the System's building, contents and papers may also be purchased, but workmen's compensation coverage may not be.

No Gas Shortage

Texas should not have a severe natural gas shortage this winter, Governor Briscoe said after an organizational meeting of his new energy council.

The Governor said he does not believe Congress will allocate Texas gas to other states.

OLD PHILOSOPHER

Dear editor:

I have been following the controversay over school busing around the country, whether it's in the cultural North or the backward South, and the problem seems to be the same, the people just as divided and the tempers just as raw, with the answer just as elusive.

This may be because the people aren't thinking, or because, some parents argue, the decisions are generally turned over to a Federal judge with a life-time appointment whose children are already grown.

Now of course it's hard if not impossible to explain to a parent why his child can't step across the street to a nice school already there, instead of having to ride a bus clear across the other side of the city, while the kids over there ride a bus to the school across the street. You can't blame him for thinking such a plan must have been thought up by the bus manufactureres.

Now there's nothing wrong with riding a bus to school, it sure beats walking two miles to school when you and I were young. Or was it five miles?

But ride one when the school's right across the street? There's the rub. So the answer is to eliminate that school. Maybe make a library out of it. And then just one school for everybody. The thing to do is for Boston, for example, to erect one school in the middle of the city 20 stories high, or however high it takes to hold all the kids the town's got, with plans for adding more stories if the population keeds growing. You finish one grade, you move up a story, until finally you come out on the roof, fully educated.

Thus everybody goes to the same school, everybody rides a bus, the police can go about their regular work, the mayor can hunt for more taxes, and parents can have an extra hour of freedom mornings and afternoons while their kids are en route to and from the heart of the city.

If you argue that that many buses will clog the streets, I'll remind you that the streets are already clogged; and besides, if engineers but the minds to it, they could devise pneumatic tubes extending spider-wed-like out from the 20-story school, with parents encasing their kids in plastic cocoons and shooting them to school in record time. A computer could make sure they took the right tube back home. Be safer than walking across the street. On reaching the school in the mornings they could all land in one big room in the basement, intergrated like never before.

Yours faithfully,
J.A.

Cotton Market Outlook Improving Over State

The cotton market is showing signs of resurgence after being in the doldrums for more than a year. However, Texas farmers won't be able to capitalize too much on the improved prices because they planted only a limited number of acres to cotton this year.

"The price of lint cotton from the 1975 crop should average about 40 cents a pound," believes Charles Baker, economist in marketing with the Texas Agricultural Extension Service.

"The August 27 spot price taken from a 10-market average for strict low middling cotton with one-and-one sixteeth-inch fiber was 50.43 cents per pound, the highest for the past 12 months and 15.5 cents above the season low."

The economist looks for prices to remain steady over the next month or so and then possibly to move up a bit. He sees a strong market over the long run due to a short crop nationwide and a strengthening in the demand for cotton by textile mills. Mills are once again looking favorably at cotton due to increased prices in synthetic fibers which are by-products of petroleum.

"As far as the Texas crop is concerned, farmers planted some 4.5 million acres, and about 4 million of these will be harvested," notes the Texas A&M University System specialist. "This means harvested acres will be down about 400,000 from last year. However, yields are expected to average about 340 pounds per acre, up almost 70 pounds from a poor 1974 crop."

"Cotton acreage was cut back drastically this year due to poor market prices last year and in early 1975," points out Baker. "Most of the state's crop is in the South Plains where almost 2 million acres are expected to be harvested andshould account for about 1.5 million bales.

Harvesting is nearing completion in South Texas and has started in South Central and Southeast Texas and in the Central Texas Blacklands. Heavy rains at the beginning of the South Texas harvest caused heavy losses. Insect damage has been severe in parts of Central and West Texas and will contribute to lower yields, adds Baker.

TAM WINTERGREEN is presently the best perennial winter growing grass for the area but has been difficult to establish because of poor seedling vigor. It's just one of many grasses being studied at the Stiles Farm for Blackland use.

County Agent Notes...

Stock Offered In Oil Mill

By Bill McCutchen

Melvin Weise, Cen-Te x Board member, of Thorndale and John Vernon Stiles, new Cen-Tex Oil Mill manager, asked area cotton producers, gins, cattlemen, and anyone else interested in seeing the mill operate as a producer cooperative to put money into the oil mill in a 1st preferred stock basis drawing 7% interest.

Cotton producers are also asked to purchase common stock or voting stock at $1 per share. At the Friday, September 12 meeting in Buckholts, Stiles said that money had been coming in good with some producers putting in up to $1,000 and said that they were as close as $25,000 to $30,000 from opening the doors for business.

Stiles emphasized that commercial financing can be acquired if producers and others are interested enough to show good faith by investing capital in the mill.

Stiles pointed out the value of the Cen-Tex properties to the area even if cotton goes out, which he considered unlikely. He said there was storage capacity for 1,000 cars of grain sorghum as just one possibility. He stated that he thought cotton had a real chance of a big comeback because of high and scarce natural gas supplies which would put the pinch on synthetic fibers.

Stiles emphasized again that the mill is not broke and has a conservative net worth of $369,000 and that the mill needs operating capital now.

The new manager emphasized that this problem came up at a truly unfortunate time as it was a year of acreage cutbacks on cotton and this area is in the middle of the cotton harvest already. He said he felt that the mill could come up with enough seed, approximately 20,000 tons to make a break even operation this year and put the mill back on the road to good standing if enough funds came in to open the facilities in the next few days.

Farmers, ranchers, businesses, or individuals interested in investing in the future of the mill can do so by contacting the mill directly or by contacting Doug Williams at the Buckholts Farmers Gin or Raymond Kasner at the BF&M Co-op Gin at Wilson.

A Weekly Report Of Agri-Business News

Farm-facts

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

Who Took The Worst Decline?... Slide, Parity, Slide... Farm Prices Not All That Good... One More Time.

Now that most of the experts are agreed that the recession may have finally bottomed out and perhaps things are going to get better, here's a question for you: which group took the worst decline in income? Corporate profits? Agriculture?

FARMERS' INCOMES suffered the most. From 1973 to 1975, farmers' incomes dropped almost 40 per cent. Corporate profits were down only around 10 per cent.

And in spite of recent upturns in farm prices, the Texas Crop and Livestock Reporting Service notes that parity as of the middle of August slid to 74, down a point from a month ago and down five points from a year ago.

And despite all the things you might have read or heard about how high the farmer's wheat price had advanced, the farm price for wheat as of mid-August was still almost $1 below parity. Average Texas wheat price is $3.77 per bushel; parity is $4.63. A year ago, the average Texas wheat price was considerably higher than it is now; in 1974 it was $4.05 per bushel as of Aug. 15.

TAKE A LOOK at other farm prices and it's the same old story: most all of them continue below parity, some by wide margins.

On the bright side, corn is above parity--by one cent per bushel.

Oats are 11 cents per bushel above parity. Other grains, however, are below parity. Sorghum, the major cash crop for Texas, is 49 cents per 100 pounds below parity.

One category of livestock--hogs--is above parity. Hog price average in Texas is $54.70; parity is $48.40. But other categories of livestock are way below parity. Beef cattle price average is $29.90; parity is $56. Calf price parity is $68.40; average market price is $24.50.

Look at the cotton price, too. Although cotton prices have firmed up slightly in recent weeks, the average cotton price in Texas is 38.5 cents per pound. Parity is 78.69 cents per pound.

Egg prices are about 16 cents per dozen below parity; turkeys are 15 cents under parity.

MEANWHILE, CROP HARVEST over the state continues in stride. Corn harvest is more than a fourth completed; cotton harvest is something more than 10 per cent finished; sorghum harvest is nearing the two-thirds completion mark.

Rice harvest is nearly complete and sunflower harvest on the Low Plains is underway. Soybean progress is good with most of the acreage setting an excellent crop.

Peanut harvest is about 20 per cent complete.

LET'S REPEAT IT, one more time.

Livestock producers need to continue to submit suspected screwworm samples to the fly lab at Mission. The annual Fall build-up of the pest is and will increase until cold weather puts it to a halt.

Screwworms were widely spread across Texas, from Cameron County on the south to Wichita on the north; from Hudspeth on the west to Brazoria, Walker and Houston Counties on the east, during August.

Officials also recommend that you delay surgery on your livestock as long as possible and use screwworm-approved remedies on wounds on livestock.

Abundant Feeder Cattle Keeping Prices Down

The "numbers game" may sometimes tend to get a little confusing when agricultural projections or estimates are issued. But there is one number that is currently bearing heavily on the total cattle industry of the nation--the immense number of feeder cattle on farms and ranches.

"That, along with only a moderate increase in cattle feeding, is the key reason for the continued low cattle prices," contends Dr. Ed Uvacek, livestock marketing specialist for the Texas Agricultural Extension Service.

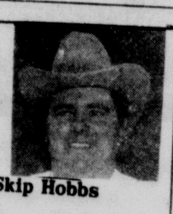
There were about 59.2 million head of feeder cattle on hand as of July 1, and Uvacek estimates that some 6.6 million of these will be slaughtered as non-fed cattle and calves during the remainder of this year. That would still leave some 52.6 million feeder animals on pastures and ranges.

"This high number of feeders is about the same as the number on hand last year," notes the Texas A&M University System specialist. "And, of course, the oversupply continues to depress the market."

Uvacek points out that some easing in grain prices that may result from a bontiful harvest this fall could boost cattle feeding. This segment of the industry has been in the doldrums due to the cost-price squeeze.

He feels, however, that any increase in movement of feeders to feedlots will be slow., which means that cow-calf producers will continue to get poor prices for their animals until well into 1976. "Hopefully, by then, the oversupply situation will have eased somewhat, cattle feeding will again be on the upswing, and the nation's cow herd will be smaller, thus producing less calves."

TEXAS TALK



By Skip Hobbs

Federal permits for irrigation ditches? A possibility according to some agricultural authorities concerned over recent governmental definitions affecting the Federal Water Pollution Control Act. Keeping things in limbo is the definition of the term, "waters of the United States", which is used in determining the scope of the act. Agricultural authorities are concerned over a definition utilized by the Environmental Protection Agency which could include, "all lakes, rivers and streams within a state which are used by interstate travelers for recreation or other purposes, or which are used by interstate commerce, including **agriculture.**" An article in the NEBRASKA FARMER quotes Dayle E. Williamson of the Nebraska Natural Resources Commission as warning that "if the broad interpretation of the waters and lands affected is adopted, permits may be required for an enormous range of activities."

Cotton Report

Market activity for the week ending September 12 has been inactive as cotton prices dropped somewhat this weeks, reports J. B. Russ, officer in charge, Austin Classing Office.

In the Central Texas Blacklands grades 41, 32, and 42 with staples of 31 through 33 and mike 3.5-4.9 was selling for 40 to 44 cents per pound.

Buckholts

By Mrs. Edwin Gandy

The dedication of the new Lutheran Church was held Sunday Sept. 14 with 2 services. One began at 10 a.m. and a pot luck lunch was served and another service began at 3 p.m. There was a large crowd to turn out for each service.

Lesl e Sakewitz, who has been a patient in the Kings Daughters Hospital is able to be home.

Visiting with the Sakewitzs' on Sunday were Mr. and Mrs. Arthur Cross and daughter of Belton, Mr. and Mrs. Lawrence Hanke and son of Salado and Mrs. Pauline Freimel and daughter of Cameron.

Mr. Walter Rachui of the South Elm community is a patient in Kings Daughters Hospital in Temple.

Visiting with Mr. and Mrs. L. A. Svetlik Sr. over the weekend were their children Mr. and Mrs. U. D. Adams and sons of Austin and L. A. Svetlik Jr. of Fort Worth.

Tommy Lane and daughter Kimberly of Temple were Sunday visitors of his mother and family Mr. and Mrs. Frank Garey. They also attended the morning services held at the First Baptist Church.

Mrs. Evelyn Loftin visited her parents Mr. and Mrs. N. W. Gandy Sr. of Temple during the weekend.

Mr. Leo Ironboy, who is stationed in Arkansas, was home with his family over the weekend. He left Sunday afternoon to return back to camp.

Mr. and Mrs. Dean Steward and son of Houston spent the weekend with her parents Mr. and Mrs. Calvin Allison.

Mr. and Mrs. James Ulinicik and son of Cameron visited with her parents, Mr. and Mrs. Calvin Allison, during the weekend.

Sherry Williams, who is enrolled in college in Belton at M.H.B. was home over the weekend with her parents, Mr. and Mrs. Douglas Williams.

Gause

By Mrs. Wanda Lee

Mrs. Estelle Lake of Cameron visited recently with Mr. and Mrs. Blake Bailey and Mrs. Mae Fowler.

Mr. and Mrs. Jimmy Cass, Dwayne, Lisa and Carmen of Lexington visited Saturday night in the Koye Cass home.

Mrs. Ethel Slay, Mrs. Margo Henderson, Mrs. Dorsey Wilson and Mrs. Alma Gray, all teachers at our school, attended a District 6 T.S.T.A. workshop in Bryan last Wednesday evening.

Diana Restino of Mumford was a weekend guest with Cheryl Slay.

The Gause School Parents Club met last Tuesday afternoon and elected officers for this school year. President is Margie Rose, vice-president Patricia Shaw and secretary-treasurer Wanda Lee. Plans got underway for the annual Halloween Carnival.

Mr. and Mrs. Ketih McWilliams, Kelli and Russell of Hearne visited Sunday evening with Mr. and Mrs. W. L. Ditto.

Mrs. Manette LaFleur of Conroe has been visiting with Mr. and Mrs. Chuck Cernuch, Donna and Charletta. On Saturday they visited in Marquez with Mr. and Mrs. C. O. Cernuch Sr.

Mrs. Anna Mae Ely visited in Bryan Sunday with her children, Mr. and Mrs. Dennis Ely, Denice and Chris.

Mr. J. A. Young celebrated his 97th birthday Sunday, September 14. His children prepared a birthday dinner for him at the home of his daughter, Mr. and Mrs. C. E. Garrison. Others there for the occasion were Mrs. Young, Mr. and Mrs. Glenn Haley, Mrs. Pauline Edwards, Mrs. Rhonda Hager and Kristi and friend Mike of Waco, Mrs. Opal Young and Mr. and Mrs. Jimmy Kopriva and Amy of Cameron.

Visitors with Mr. and Mrs. C. E. Garrison from Saturday until Sunday morning were his daughter and son-in-law, Mr. and Mrs. Dave Land of Tulsa, Oklahoma.

The Garland Hux family from Cameron visited Sunday afternoon with her parents, Mr. and Mrs. Cecil Butler.

I will establish my covenant between me and thee, and thy seed after thee, in their generations, for an everlasting covenant, to be a God unto thee, and to thy seed after thee

Series Ends With Two Programs

The final series of meetings in the "You Can Do It" series will be held Sept. 22 in Gause at the community center at 7:30 p.m. and in Davilla on September 23 at 7:30 p.m. in the community center, off the Bartlett highway.

The final program will be titled "Cleaning On A Shoestring" and will be presented by Janice Carberry, family resource mamagement specialist.

Cleaning on a shoestring can be approached two ways --from the standpoint of time or money. It is possible to create your own home-care products or to purchase commercial products. Home-created products often are less expensive but require more time to make.

For more information, attend the meetings on Sept. 22 or 23. These programs are open to anyone who is interested and there is no charge. The programs are sponsored by the Milam County Extension Service and the Family Living Committee of the Milam County Program Building Committee.

School Lunch Menu

MONDAY, SEPT. 22
Chicken fried steak
Creamed potatoes
Blackeye peas
Ice cream, roll, milk

TUESDAY
Spanish rice with ground meat
Broccoli
Cheese roll
Fruit cobbler, milk

WEDNESDAY
Tuna salad on lettuce
Engish peas
Jello with topping
Hot roll, milk

THURSDAY
Speedy burgers
Potato gems
Orange half
Cookie, milk

FRIDAY
Frito pie
Ranch style beans
Green salad
Peach half
Hot roll, milk

Insurance Is Program For Retirees

The Milam County Retired Teachers Association met in the Rockdale High School band hall Sept. 4 with 40 members present.

President J. M. Moorman called the meeting to order and invited a question and answer period giving opportunity for audience participation on kinds of insurance needed by retirees.

Mrs. Ruby Arledge, treasurer, reported the Association has a bank balance of $127.64, and an enrollment of 57 paid dues to this date.

The next meeting is scheduled for October 1 at the Business and Professional Women's Clubhouse in Cameron.

The group spent an enjoyable hour greeting old timers and looking forward to the next meeting.

GRADUATES WITH HONORS - Steven J. Bornfeld, second from left, son of Mr. and Mrs. Irving Bornfeld of Cameron, graduated with honors from American Preparatory Institute, Killeen last Thursday. He was second highest in his class. He completed 24 quarter credits in 24 weeks. Steven received three certificates for business related course electives, as well as his high school diploma. Steven is now attending Central Texas College, Killeen and is majoring in Electronics. Shown with Steven are Dr. L. K. Requa, API head, and his parents.

White Elephant Sale Feature Of Meeting

A "White Elephant" sale was the feature for the Business and Professional Women's Club when it met Sept. 15 at the club house with 12 members and one guest present.

The president, Ruby Mosley, directed the sale which netted $20.70.

Club members served punch and cookies with all enjoying a pleasant evening.

May Good donated iron railing for the steps to the club and Vance Werner supervised the installation. Next meeting for the club will be October 6.

ODD FACT

Cuffs on men's pants were first designed to hold cigar ashes.

Gwen Hauk To Head TJC Council

Gwen Hauk has been elected president of the Temple Junior College Faculty Council for 1975-76. Mrs. Hauk has been on the TJC faculty for 5 years as an English instructor and director of the Instructional Media Center.

Hauk holds a BA and MA from Sam Houston State University and is currently working toward a doctorate at East Texas State University. She sponsors Circle K, and serves as advisor on the college magazine "Collage."

Trick Or Treat For UNICEF In 25th Year

Contemporary historians and concerned humanitarians take note. This Halloween, American youngsters will Trick or Treat for UNICEF for the 25th consecutive year!

What began in 1950 as a small collection by a Philadelphia Sunday School class has developed, in the past quarter of a century, into a nationwide philantropic phenomenon, spreading across the length and breadth of our fifty states.

Each year now more than three million children, carrying the familiar orange UNICEF cartons, participate in the door - to - door collection and other fund - raising activities which through the U.N. Children Fund benefit their less fortunate contemporaries in other parts of the world.

Commended by every president from Harry Truman to Gerald Ford, this unique children - to children program has become a firmly established American tradition. And October 31 has been officially designated National UNICEF Day by Presidential Proclamation.

This year the UNICEF Halloween effort takes on a new urgency in light of the current world food and economic crisis. Throughout the developing world -- in Asia, Africa and Latin America -- food shortages, contaminated water and increasingly inadequate health and educational supplies and facilities are exacerbating the already desperate situation of children growing up at the edge of survival.

During the past 25 years, Halloween acitivities have raised $46 million for UNICEF - assisted child welfare programs

DKG Opens Year With Brunch

ROSEBUD

Beta Nu Chapter of Delta Kappa Gamma opened the year's work with a brunch Septembe r 13 at 9:30 a.m. in the D. Brown Memorial Library at Rosebud, with the Rosebud members as hostesses.

New members initiated were Miss Glenda Gray, and Mrs. Anna Jahns of Rosebud; Mrs. Lena Oltorf and Mrs. Ruth Ann Torgersen of Marlin; and Mrs. Joann Lane and Mrs. Patricia Simmonds of Rockdale. Mrs. Margaret Gray and Mrs. Gwynn Range of Marlin were in charge of the ceremony.

Mrs. Frances Hensley of Cameron, president, announced that the year's Regional Meet will be with District 5, October 4, at McLennan Community College in Waco. Miss Frances Forbes of Marlin will have charge of the exhibits from the Chapter; Mrs. Ruby Arledge of Cameron will compute the attndance-mileage; and Mrs. Gwendolyn Hauk of Cameron will present the Chapter's part of the program.

Mrs. Patsy Nance, of Cameron, vice-president, gave a survey of the programs of the year, and Mrs. Hensley reported on her attendance at Alpha State Convention held at Dallas in June.

Fifty-three members were present.

Births

To Mr. and Mrs. Ben White III of Cameron, a girl, Wende Marie, 7 pounds 10 ounces, born Sept. 12 at 11:10 p.m. at St. Edward Hospital. Grandmother is Mrs. Addie Cryer of Cameron and great grandmother is Mrs. Alice Coker of Cameron.

To Mr. and Mrs. William Beene, Cameron, a boy, Kristopher Jon, 8 pounds 5 ounces, born Sept. 14 at 10:37 a.m. at St. Edward Hospital. He was welcomed by three sisters. Great grandparents are Mr. nd Mrs. John Clark of Dime Box, formerl y of Cameron, and Mrs. Osma Beene of Hearne, formerly of Cameron.

To Mr. and Mrs. Daniel Andrews of Cameron, a girl, Shelia Yvonne, 7 pounds, born Sept. 15 at 1:12 a.m. at St. Edward Hospital. She was welcomed by a brother. Grandparents are Mr. and Mrs. Buck Mouser of Leander and Mrs. Ollie Andrews of Cameron. Great grandparents are Mr. and Mrs. J. D. Lambert of Florence.

To Mr. an d Mrs. Jesse James Knight Sr. of Cameron, a boy, Jesse James Harris Jr., 7 pounds 14 ounces, born Sept. 15 at 10:39 a.m. at St. Edward Hospital. Grandparents are Mrs. Estella Toliver of Cameron and Robert Lee Toliver of Cameron, Mrs. Myra Knight of Cameron, and Clifton Knight of Waco. Great grandmothers are Mrs. Cornelius Beals, Mrs. Rosie Lee Toliver, and Mrs. novella Moody, all of Cameron.

To Mr. and Mrs. Guy Lenore Mims Jr. of Calvert, a boy, Guy Lenore III, 8 pounds 6 ounces, born Sept. 16 at 2:34 a.m. at St. Edward Hospital. Grandparents are Mr. and Mrs. Ronnie Findley of Brookshire, Mr. and Mrs. Guy Lenore Mims Sr., great grandparents are Mr. and Mrs. Clois Prothro of Calvert, Mr. and Mrs. Gene Avey of Highlands. Great great grandmother is Mrs. Mary Purdom of Hearne.

To clean your blender container quickly after use, fill it with two cups of hot water and a few drops of dishwashing liquid, and let the blender run for a minute. Rinse and dry.

Classic One-Dish Meal

Looking for a classic, one-dish meal to serve a crowd, special company, or family members? A big steaming kettle of soup or chowder will be appreciated with crusty bread or an assortment of crisp crackers. Soup is a real winner with a cold, crispy salad, or munchy relishes, according to Annette Reddell, seafood home economist with the Texas Parks and Wildlife Department.

A mouth-watering example of a soup is bouillabaisse (pronounced boo-yah-base), a French-inspired soup incorporating fresh fish, oysters, and rock shrimp.

Orginially created by fishermen's wives from unsold portions of their husband's catch, recipes have changed but the principle remains--use an assortment of seafood. When you sample this dish, you'll agree that the short while spent in the kitchen is time put to good use.

Bouillabaisse

1 lb. fresh fish fillets or steaks
1/2 pt. oysters
1/2 lb. fresh rock shrimp, peeled and deveined
1/4 cup butter or margarine, melted
1/2 cup onion, chopped
1/2 cup celery, chopped
1 clove garlic, chopped
1 1/4 tea. salt
dash pepper
1 bay leaf, crushed
1/4 tea. thyme
1 can (1 lb. 4 oz.) tomatoes
1 cup fish stock or water
1/4 tea. saffron (optional)

Remove skin fromfish and cut into 1/2-inch cubes. Saute onion, celery, and garlic in butter until tender. Add fish and all other ingredients except shrimp and oysters. Bring mixture to a boil and simmer for 10 minutes. Add shrimp and oysters and simmer for 10 more minutes.

Personal Mention

Mr. and Mrs. Bill Caldwell and family of Oklahoma City, Oklahoma visited in the home of his mother, Mrs. B. C. Caldwell of Cameron, this weekend.

Mrs. B. C. Caldwell and Mrs. Beulah Hearne attended a gospel singing at the Bruceville-Eddy community church last Sunday.

Weekend Travel Plan:

60% Savings on out-of-state Long Distance Calls.

Travel by Long Distance this weekend and save. When you call out of state the One-Plus way on weekends (all Saturday and Sunday until 5 p.m.) you save 60 percent over the day rate. These savings are also in effect every night from 11 p.m. to 8 a.m. And when you travel to another state by Long Distance you can afford to stay awhile. Additional minutes always cost less than the first. Have a good trip.

Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

One-Plus Discount Rate Periods

	MON	TUES	WED	THUR	FRI	SAT	SUN
8:00 AM to 5:00 PM	Day Rate Period FULL RATE						
5:00 PM to 11:00 PM	Evening Rate Period 35% Discount						Eve 35%
11:00 PM to 8:00 AM	Night & Weekend Rate Period 60% Discount						

Want to know more ways to save on out-of-state Long Distance calls? Return this coupon and we'll send you a free calling guide.

Revival Crusade At Calvert

Dr. J. D. Gray, nationally known evangelist and after-dinner speaker, will be guest of the First Baptist Church, Calvert, beginning September 21 and continuing through September 28.

Dr. Gray recently retired from the pastorate of the First Baptist Church, New Orleans, Louisiana and has devoted his time to revival crusades and Bible conferences.

While pastore in New Orleans Dr. Gray served as president of the Southern Baptist convention and for 25 years was a member of the Executive Committee of the Baptist World Alliance.

While Dr. Gray is in Calvert he will be guest speaker to over 200 students at the noon day Bible study at the A&M Baptist Student Center. He will also address the student body of Mary Hardin-Baylor.

Mrs. Maurina Corley from Cameron will be featured each evening as crusade soloist and song leader. Known throughout Central Texas for her singing, Mrs. Corley is returning for the third revival crusade in Calvert.

Dr. Gray is a noted after-dinner speaker and has spoken across America at national conventions. He is in great demand as an evangelist, Bible conference speaker, and convention speaker.

Services will begin each evening at 7:30. The public is invited. Dr. Joe Weldon Bailey, pastor of the First Baptist Church, extends a cordial invitation to everyone to share in this crusade.

Church To Observe Anniversary

Special services have been planned for the Battetown Baptist Church on Sunday, Sept. 21 to celebrate its 30th anniversary.

Rev. Ed Mustoe, a former pastor from Austin, will preach during the morning worship service.

Other activities will include a memorial service for Robert Lee Batte (1863-1951), recognition of former pastors, and a basket lunch. Also the members of the Batte family will be honored.

Church pictorial directories will be distributed to present members of the Church.

Henry Weston is pastor.

Special Services Set

Cameron Gospel Tabernacle begins special services Sept. 23, 24, and 25 at 7:30 each evening with Rev. Henry Redman, world traveler and pastor from Bellville, Ill. The public is cordially invited to attend.

Now more than ever
it pays to compare car insurance rates.

And there's never been a better time to compare State Farm. For most Texas drivers, State Farm has rates that are 15% less than the new rates set by the State. Call for details.

Obituaries

Williams

Mark M. Williams, 71, of Rosebud died Friday in a Rosebud hospital.

Funeral was at 2:30 p.m. Sunday in Green Funeral Home in Rosebud with the Rev. B. J. Brown officiating. Burial was in the Powers Chapel Cemetery.

Mr. Williams was a farmer and a member of Cedar Springs Baptist Church.

Surviving are his widow, Mrs. May Williams of Rosebud; three daughters, Mrs. Earl McIntosh and Mrs. Harold Williams of Lott, and Mrs. Robert Stimmel of Rosebud; two brothers, Sam Williams of Corpus Christi and Matthew Williams of Cameron; five sisters, Mrs. Nettie Green of Coleman, Mrs. Beulah Campbell of Temple, Mrs. Josie Williams and Mrs. Blanche Williams, both of Alvard, and Mrs. Pearlie Cummings of Oklahoma; and four grandchildren.

Harrison

The Rev. A. E. Harrison, 76, of Travis, died Friday at his home of an apparent heart attack.

Funeral was at 3 p.m. Sunday in the First Baptist Church of Rosebud with the Rev. James McGlothin, Jerry Lemons, and George Hearne officiating. Burial was in the Woodland Cemetery in Rosebud.

Survivors are his widow, Mrs. Pearl Gray Harrison of Travis; two daughters, Mrs. Bilijo Ballard and Mrs. Betijean Kennerly, both of Houston; a brother, Ardey R. Harrison of Victoria; a sister, Mrs. Anna Styles of Terrell; and seven grandchildren.

Services Set For Two Churches

The fourth Sunday of Kingdomtide will be observed this Sunday at the worship services at the Maysfield and First United Methodist Churches. The scripture lesson will be read from Mathew 7:15-23 and the act of praise will be the 93rd Psalm. The special music will be presented by Mrs. Albert McCullin Jr. Kelly Brown will serve as the acolyte. The service will be conducted by the pastor, Rev. Stanley Vodicka Jr.

The Texas Conference Laymen's Retreat will be held on September 26-28 at Lakeview Assembly. Dr. D. L. Dykes, pastor of the First United Methodist Church of Shreveport, La. will be the retreat speaker. All who plan to attend are asked to contact lay leader forest Sapp about your pre-registration.

The annual charge conference will be held on October 19 at 7 p.m. Officers for the new year will be elected and the budget for the new conference year that begins in January will be approved. The conference will include the members and officers of the Tracy, Maysfield and First United Methodist Churches of Cameron.

Ministers Elect New Officers

The Cameron Area Ministerial Association completed its selection of officers for the coming year at its September meeting.

Those serving as officers for the coming year are Rev. Darryl Proffit, pastor of the First Assembly of God, president; Rev. John Homerstad, pastor of the Abiding Savior Lutheran Church, vice - president; and Rev. Henry Weston, pastor of Battetown Baptist Church, secretary - treasurer.

The Cameron Area Ministerial Association sponsors annual community Thors annual community Thanksgiving and Good Friday services and aids in supplying the needs of transients.

The annual Thanksgiving Service for this year has been scheduled for Sunday, November 23, at the First Presbyterian Church.

A jigsaw puzzle of a church was Billy's project for the afternoon. He worked diligently as the church took form. But one section was missing—the door. "A church has to have a door," he said. At last he found it.

As Billy grows older, he may discover that the Church has many doors which can open to him:

Gratitude for his home, his family, his friends
Knowledge of God, his Creator
Sensitivity to spiritual life
Inspiration from Bible accounts of dedicated lives
Experiences in sharing his beliefs with others
Development of his character
Foundations of a sustaining faith

Open these doors to your child so that he may grow spiritually. Take him to church each Sunday.

HERALD SPORTS

Cameron, Texas, Herald, September 18, 1975 Page 9

At 'Big Red' Stadium

Yoemen Will Face 19 Seniors

The job of winning will rest on 19 seniors for the Belton Tigers as the young teams return only 1 offensive and 3 defensive regulars back from their '74 quarterfinalist team.

The Tigers have built a density in their 3A history goint to the state playoffs for three consecutive years. Balance was added to the young Tigers with a non-defeated freshman team lending experience to the '75 squad.

The Tigers have the football lingo, with two returning starters being Mac and Lee Lingo.

Mac Lingo was one of the finest tight ends in the district last season and as a sophomore Lee Lingo gained recognition as being one of the hardest hitting defensive tackles in the state.

Dick Bay will be calling the plays for the Big Red, which has added dimension to the Tiger offensive attack. Receivers include Mac Lingo and Marion Dimerson.

The Belton offensive line doens't lack the size to get the job done, with an average weight set at 187. The backfield will average 160 pounds per man.

Defense is a characteristic of a James Williams team and thtere is never a doubt in an opponents mind that the Big Red Machine doens't include fine defensive players. The Yoe offensive line will be moving an average of 181 pounds of defensive power.

The offense will run everything from screens to draws and will offer an open attack against the Yoemen. The Tigers defensive line will be in their familiar 5-3 set.

The Tigers will come off a 2-2 tie with Brenham. In that muddy mess neither team exhibited an offensive attack but instead had a punting contest with both teams punting back and forth on first down . The Bid Red season record now stands at 1-0-1.

Yoe Girls Open With Victory

In the girls opening volleyball game of the season, the Yoe girls downed the A&M Consolidated girls 15-13 and 14-11. The junior varsity also demolished the A&M girls 15-1 and 15-2 in the Tuesday night opener.

In the junior varsity game Delia Reyes picked up 13 points to lead the JV scoring attack. Janet Mondrik spiked her way to give 9 points to the winning effort.

In the varsity action, Coach Linda Puckett's girls went to the net and had fine net action to defeat the strong A&M team.

Alvita McIntyre totaled 10 points to lead the Yoe scoring and was high scorer in the first game. Rebecca Riola went to the servin line and picked up 8 points and was high scorer in the second game with 6.

The volleyball girls will begin their district action on Oct. 7 with Westlake.

INDIVIDUAL SCORES:
Junior Varsity
Delia Reyes, 13
Janet Mondrik, 9
Denice Drgac 4
Kim Fritz, 2

Varsity
Alvita McIntyre, 10
Rebecca Riola, 8

Yoe Freshmen Down Tigers

The OJ Thomas team split wins with the Rockdale Junior High with the Tiger seventh over OJT 14-12, and OJT eighth over Rockdale 24-12 in the Thursday night grid action.

In the seventh grade action the Yoe Yoe's gave fine effort in their try for a win.

The Rockdale team took the kickoff to open the game and on their first possession, took the ball 40 yards for the touchdown. It was on a reverse that allowed the Tigers to take early command of the contest.

On the Yoe Yoe's first possession they fumbled and gave the young Tigers good field position with the pigskin resting on the 50.

On a second down play, the Tigers tried to reverse gain and it was the right way to go and scored again and took the lead 14-0.

Rusty Crumbler, Yoe Yoe fullback took advantage of an interception he picked off in the closing minutes of the first half and carried the mail 60 yards for a touchdown. The PAT failed, the score read 14-6 Tigers.

The first possession of the second half the Yoe Yoe's drove down the home field and scored on an 18 sweep with Rusty Crummer scoring.

The remainder of the contest was a defensive battle with the Tigers on top 14-12.

The eighth graders came across with their first season victory scoring in all quarters to defeat the Tigers 24-12.

In the opening play of the game Dean Lewis carried the ball 65 yards and drove across the line for the touchdown. Dow Dodd increased the score by 2 on the PAT. The Yoe Yoes took the lead 8-0.

The Tigers drove in two quick TDs to take command of the game 12-8.

A punt to the Tigers one yard line set up a safety by Terry Lowe tackling a Tiger in the end zone.

At the half the Tigers owned the field, 12-10.

In the third quarter Dean Lewis took a quick-pitch and ran wide to pick up 6 points and advanced the Yoe Yoe's into the lead. The PAT was no good and the Yoe Yoe's were ahead 16-10.

The final touchdown came in the fourth quarter when Dow Dodd, QB, went to the air and connected with Terry Lowe on a 40 yard touchdown pass. The point after was good for 2 and the Yoe Yoes held onto the 24-12 victory.

Coach Williams cited Rodney and Ronnie Fillmore as defensive standouts.

O J Thomas Split Wins With Rockdale Jr Hi

Two in a row, was the sound from the freshman bench at the end of another successful night as the Yoe freshmen found easy picking in Rockdale, defeating the Tiger freshmen 14-0 in the second outing of the season.

The Yoemen crossed the magic line in the first and fourth quarter to defeat the Tigers of Rockdale.

After a drive that showed fine blocking efforts by the entire Yoe frosh offensive line the first touchdown came from 25 yards out. Kenneth Price was the vehicle and with speed and fine blocking, down field the Yoe freshmen broke the Tiger line. The point after attempt failed and the Yoe freshmen took early command 6-0.

It was a defensive standstill showing little from the offensive lines. The Yoemen had two deep penetrations called back on penalties that stopped the offensive drives.

Ernest Riggins got the call in the fourth quarter taking the pigskin in from 5 yards out. Kenneth Price was called to duty on the PAT and, with a leap across the line, gave the Yoemen a 14-0 advantage.

In a final count the Yoe squad was caught on 10 penalties while Rockdale was issued only one citation.

Next week the Yoe freshmen will entertain the Belton Tigers on Yoe Field, Thursday, with game time set at 6:30 p.m. The team is excited and excited they should be, coming off two big wins early in the season against two powerful 3A teams, Taylor and Rockdale.

Team attitude and desire make the difference , not classification. Ken Poole's freshmen team had the desire. Coach Poole said, "The young men are talking about winning them all."

Choice For Fences

The width and thickness of lumber chosen for a fence are a primary influence on its character.

SPORT SPOTLIGHT

By FORREST GUESS

What A Crowd!. . .

It was the largest crowd to ever watch a football contest at Yoe High stadium, according to many fans at the Friday night head-knocker between Cameron and Rockdale.

Some reports said the crowd numbered into the 6,000 bracket. This is not official, but in estimating the figure I would say at least that many.

Besides being large in number and spirit both sides, Cameron a nd Rockdale, had pride in representing their schools. The game went off without incident , according to Supt. Buddy Dulin.

Dulin said, "It was enjoyable to see how well the crowd reacted. We were well pleased with the behavior and conduct of both student bodies," Dulin said.

With large numbers and during a heated rivalry game such as the one last Friday, it was indicative of a 'pride' exhibited by both towns.

Bell?. . .

In last week's Spotlight, some interesting comments developed from ownership of the Victory Bell. I received words from everyone, including fans of Cameron and Rockdale.

To date there has been no concrete information offered on how the bell was intended to be awarded. However, according to Coach Ed Cauley, he said that it was his understanding that each and every year the bell will be awarded to the winning team.

I will then say it is now my understanding, but not fact, that the Victory Bell will be given to the winning team each year.

FACT: The Bell will be at Yoe High this year.

Fumbles. . .

"You don't lay the football on the ground eight times and win ball games," Cauley started his Monday night booster club speech and said, "There is no excuse for fumbling."

"I was, however, real proud that we could come back 3 times and win the game, I feel this shows a lot of character," Cauley continued.

Cauley said, "Being able to come back like that can be contributed to the experience we gained in the playoff games last season."

People and fans had asked Cauley if he was worried about the game and he replied, "I wasn't worried, but a little disgusted because of our busted assignments. But Rockdale played extremely well and they have a tremendous attitude over there."

Coach Graham added, "Defensively, we had some real fine effort from Joe Smitherman and Jimmy Kohutek, both playing defensive tackle. On offense we had Smitherman, David Fincher, Brian Cobb, Frank Tena, and Donald Hanel giving us a real good effort."

About the Belton game, Coach Cauley said, "They have a good outfit over there; they always do."

"Most of the players range from 6'1"-6'2" and from 160-195 and they are coming off a quarterfinalist season last year," he said. "It's going to be a hum dinger of a game," Cauley concluded.

Working Hard. . .

I asked Jerry Bartley if there was any area that the band will concentrate their efforts in this weeks rehearsals and Bartley replied, "I feel we will be better prepared in this week's rehearsal for Belton than we were for Rockdale."

"I felt we were weak on marching and playing; however, this week our attitude at the rehearsals have been better than anytime this year," Bartley said.

"I expect a good performance from the band this week with our new show featuring a new revolving diamond and pin wheel drill."

Need A Jacket?. . .

The Cameron Booster Club will sell light-weight windbreakers this week and throughout the season. The jackets are maroon with "Yoeman Booster" inscribed on the back.

The jackets will sell for $10 and can be purchased at the Chamber of Commerce office.

P&W Sets Early Teal Season

A special early teal season Sept. 20-28 will give Texas shotgunners a preview of upcoming fall and winter waterfowl hunts.

Parks and Wildlife Department officials remind hunters that only the three species of teal--blue-winged, green-winged, and cinnamon --may be taken during the special season.

Hunting hours are from sunrise to sunset.

Bag limit is four birds in the aggregate with a possession limit of eight in the aggregate.

Waterfowl biologists at the P&WD say this September hunt is set at a time when few other migratory waterfowl are present in the state.

Texas populations of teal generally reach their peaks during mid-to-late October before the majority of the birds leave for their final wintering areas in Central and South America.

A special September teal-only season allows for the harvest of birds which can stand additional hunting pressure at a time when few other migratory watefowl are jeopardized.

TALENT SPOTLIGHT '75

KELVIN KELLEY

Kelvin Kelley is a junior and is a one year returning letterman for the Yoemen. Kelvin stands 5'10" and weighs 220 and is the starting defensive end for the undefeated Yoemen. He is also a substitute split tackle on offense.

Kelvin is experienced and brings back the stable attack of the Yoe fence, starting the '74 season as defensive tackle. He is a member of the Fellowship of Christian Athletes and was a member of the Distributive Education Clubs of America.

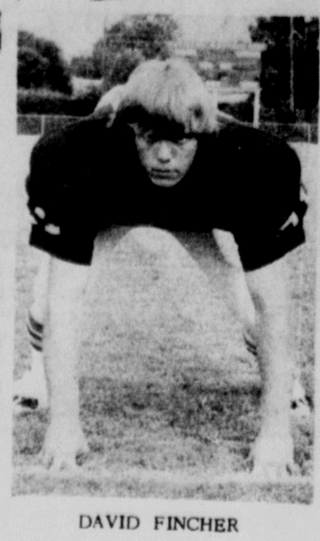
Kelvin's athletic interest lies in other sports than football. He is a one year varsity letterman in track. He placed fifth in district, hurdling the shot put. Kelvin said he had plans of playing baseball this season also.

Kelvin wears #76 and picks Oklahoma as his favorite college team. Dallas and Buffalo will be his pick in the professional raks.

He is the son of Mr. and Mrs. James Worthly Sr. He has one brother, James, and two sisters, Felicia and Angela. Kelvin resides at 1404 W. 10 in Cameron.

I asked what the defensive end's responsibilities were and Kelvin said, "On options I take the quarterback and on the pass I have the outside rush. My first duty is to contain the run and also I must watch for the reverse."

This past summer Kelvin orked for St. Edward Hospital. He sires listening to music and hunting as his favorite hobbies.



DAVID FINCHER

Senior David Fincher, #71, is a one year letterman for the Yoemen and is one of the 'Hulks' of the team, standing 5'11' and weighing 193.

David is a 17 year old starter as offensive tackle and is also alternate defensive tackle. "Offense is harder to play," he commented. Why? "Because of different blocking rules. You must recognize different defenses and adjust blocking assignments at the line."

David is the son of Mr. and Mrs. Millard Fincher of 705 E. 15. He has one brother, Rodney, who is a seventh grader; and a sister, Melinda, who is a sophomore at Temple Junior College.

Along with football, David has lettered in track, his specialty being the discus. But athletics are no the ending point of David's participation in school. He is a member of the Jr. Historians and works in the journalism department at Yoe High. He is also a member of the Fellowship of Christian Athletes.

The Dallas Cowboys and The University of Texas Longhorns are among David's favorite teams. Besides watfavorite teams. Besides keeping tabs on these teams,-he also spends his leisure fishing and hunting.

This summer David worked at Western Auto. He plans to possibly go to college, naming Sam Houston State University as his number one pick.

Roping Club To Sponsor Play Day

The Milano Roping Club will sponsor a Play Day Sept. 20 at 7 p.m. in Milano.

First through third places will be awarded tack. There will be two age groups and 20 events.

Concessions will be available along with pit barbecue.

Fanaticism — That which is founded on pride and which glories in persecution.

CORRESPONDENTS CORNER

Sharp

By Mrs. L. Guillote

Mrs. Blanche Mitchum of Irving visited with friends in the Sharp area this week.

Mr. and Mrs. E. H. Schroeder went to see Mr. Schroeder's sister, Mrs. Ida Hoppe, who is in the Sunny Side Rest Home in Taylor Wednesday.

Friday evening Jack and Ruby Whitley of Lexington visited with the Schroeders.

Sunday evening the Schroeders were in Marak for the annual picnic held at Marak. There were bands playing, lots of food and auctions held for an evening of enjoyment.

Steve Gilleland of Temple spent Saturday with his grandparents, Mr. and Mrs. Roger Gilleland. Sunday, Mr. Jay Yeager of San Gabriel visited with the Gillelands.

Recent visitors of Mr. and Mrs. J. D. Pope were Mrs. Lucille Nichles and Mrs. Dewey McElrath, her grandson, Joel, all of Cameron.

Guests in the H. J. Ellender home were their children, Lina of Oklahoma City, Mr. and Mrs. J. P. Purcell and daughters and Mr. and Mrs. J. P. Purcell, Sr., all of Winnsboro, Mrs. Zane Bales of Temple and Mrs. Walter Bales and daughter of Belton.

Mr. and Mrs. Harry Guillote and Mr. and Mrs. Glenn Lewis and children of Austin visited with Mr. and Mrs. Leroy Guillote Saturday.

Mr. and Mrs. Fulton Sims have moved to Rockdale due to Mrs. Sims illness. However, Mr. Sims will be going to their Sharp home every day to take care of his business.

Mr. Tas McBurnett was able to come home from the hospital this week.

Mr. and Mrs. Garnet Breeding of Waco visited with Mrs. Pearl Satterwhite.

Jeanette Moran, Arelia Guess and Miss Evelin Shelton were guests in the W. Walker home and Paralee McCormick.

Mr. and Mrs. W. H. Walker and Marcel were dinner guests of Mr. and Mrs. G. W. Lock.

Mr. and Mrs. Ronnie Holder and children spent the weekend with her parents, Mr. and Mrs. Don Pruitt.

The Emory Walkers, their son, Gaydon and his friend spent the weekend in their country home in Friendship.

Guests in Mrs. Minnie Lee Collier's home were Mr. and Mrs. J. C. Walker and family.

Colonial Nursing Home

By Mabel Lawhon

Story time and a pizza party were enjoyed by 23 residents on September 10. Mrs. Nelson Green was story teller and helped serve pizza.

Church service for September 4 was held by Mrs. Lucille Cameron. She read to us from Mark 16. A special solo "You Can Have a Song in Your Heart at Night" was rendered by Mrs. Sharon McCullin and the song "Sweet Holy Spirit" was sung by Mrs. Louise Archer.

Current events were presented by Mrs. Nelson Green on September 3. She gave an article on the singer Charley Pride and his upcoming appearance in the Cotton Bowl at Dallas. She read a story about "Career Fantasies for the Next Time Around." A story of the lives of some very influential Dallasites, and how they would change their lives if they had a second chance.

Mrs. Green, the patients and I discussed how we would change our lives if we could relive them.

Films of "Autumn in the North Woods" and "South Dakota's Black Hills and Bandlands" were presented by the Activities Director on September 9.

Rev. Darryl Profitt delivered the church service Thursday September 11 with text from "The Sermon on the Mount" Matthew 6:33 - 34 and Romans 8:38. He spoke to us on the subject of worry, charging that we all worry too much and should leave our problems with God.

Rev. Profitt sang the beautiful hymn "How Great Thou Art" accompanied by Mrs. Denton House. Mrs. Lucille Cameron and Mrs. Louise Archer helped with the singing.

Sunday church services for September 7 and 14 were held by Mr. Nelson Green assisted by Mrs. Green and Miss Mary Carleton.

San Gabriel

By Mrs. W. McDaniel

The community extends sympathy to the Larry Heine family at the loss of his mother, Mrs. Losie Mae Heine Cook. To Mrs. Donny Heine at the loss of her aunt in Houston and to Mrs. Earl Potts at the loss of her brother-in-law Mr. Ace Newman of Louisiana. Mr. and Mrs. Potts attended the funeral.

Those attending the area VIII Young Homemakers meeting in Waco Saturday were Mrs. Linda Worley, Mrs. Virginia Heine of San Gabriel, Miss Lynn Falke chapter little sister of Thorndale and Karen Hodge Homemaking teacher and young homemakers advisor of Thorndale. Lynn won area little sister and will compete on the state level.

Sherry Robinson is in college at Brownwood. She is going to Howard Payne College.

Those visiting the sick, Guinn Gifford, Mrs. Bill Schwartz, Mrs. Betty Harrison and Mrs. Lucille McQueen at Richards Hospital last week were Mr. and Mrs. Richard Heine, Mrs. Buddy Limmer, Mrs. Bill Clark, Mrs. Guinn Gifford, Mrs. Jim Stewart, Mrs. Hugo Linke, Mr. and Mrs. Hugh McMillan and Bro. and Mrs. Bob Wimberly.

We are happye to report that Mrs. Betty Harrison, Lynn Love and Tas McBurnett are home. Tas was in church Sunday morning.

Miss Tannya Thaxton visited Mr. and Mrs. James Terry over the weekend. She attended church services and brought the special music for the morning services.

Bro. and Mrs. James Lafferty were guests at the Baptist church Sunday night services.

Mrs. Mose Shavers received word that her aunt Mrs. Nolie Porter of Belton passed away. She was 94 years old. She was the former Nolie Lacklin. She was raised in the San Gabriel community. Those attending the funeral Friday afternoon were Mr. and Mrs. Mose Shavers, Mr. and Mrs. Buddy Lacklin and Mrs. Louie Shavers all of Thorndale. We the community extend sympathy to Mrs. Shavers.

Robby Payne of Round Rock spent the weekend with his grandparents, Mr. and Mrs. Walter McDaniel.

Also visiting were Mrs. Florenz Hadde of Austin.

Mrs. Bobby Eveans and Chandler of Caldwell and Mrs. Kenneth Caffey of Salty spent Friday with their parents, Mr. and Mrs. Jim Stewart.

Mrs. Andrew Garner visited in Austin from Wednesday till Friday with her children, Dr. and Mrs. James Malone and Mr. and Mrs. Frank Dilmore and Kelly.

Mrs. Pat Eveans spent the weekend with Mr. and Mrs. Buddy Limmer and her parents, Mr. and Mrs. Pat Eveans. She, her husband Billy and Andy Limmer returned to Pasadena Sunday afternoon. Billy had been here a week and Andy two weeks visiting.

Mr. and Mrs. Dennis Simank, Stephen and John of Austin accompanied Mrs. Ike Camp to visit her children, Mr. and Mrs. Craig Jackson and children, of Longview. They went especially to help Mrs. Camp's grandson Drew celebrate his birthday.

Those visiting Mr. and Mrs. Tommie Wilson here at their country home over the weekend were Mr. and Mrs. Gus Clark of Houston. Mrs. Gladys Stigall and Bob of Austin, Mr. and Mrs. Weldon Bailey and Neal of Sharp and Mrs. Hazel Clark.

Maysfield

By Mrs. J. P. Wise

Mr. E. J. Goodwin of Manor visited old friends in Maysfield Tuesday.

Mr. and Mrs. Jim Francis of Killeen visited Mr. Roy Newton in St. Edward Hospital Tuesday. We are glad to report that Mr. Newton came home Saturday. His son and wife Mr. and Mrs. Bob Newton of Austin visited him Saturday.

Mr. and Mrs. Fred Hefti were in Marlin Tuesday where Mr. Hefti received medical treatment.

Mr. Vaughn Thweatt has been moved from the Hearne hospital to the veterans hospital in Marlin. He is some improved at this writing his sons Danny of Houston and Gary of Oklahoma City visited him Sunday.

Mrs. Leroy Massengale visited her sister, Mrs. Bailey Jones in Rosebud last weekend.

Mrs. J. P. Wise accompanied Mrs. Vaughn Thweatt to Marlin Friday to visit Mr. Thweatt. Mrs. Wise also visited Dr. and Mrs. Jim Hook. Mrs. Hook is the former Virginia Allen, daughter of the late Mr. and Mrs. Carl Allen of Milam County.

Mrs. Leroy Massengale joined her sisters, Mrs. Bailey Jones of Rosebud and Miss Louise Jamison and Mr. Wilson Pool of Cameron Friday. They attended the funeral of a realtive in Houston.

Mrs. Frank Patzke of Freeport spent Saturday night with her sister, Mrs. Johnny Yates.

Mr. and Mrs. Carl Cooper of McGregor and his mother, Mrs. W. C. Cooper, were dinner guests of Mrs. Irene Blake of Cameron Sunday.

Gov. Proclaims Highway Week

Governor Dolph Briscoe today signed an official memorandum proclaiming September 21-27 as Highway and Transportation Week in Texas.

By that action, Texas joins with the other 49 states in a national observance, the theme of which will be "Transportation, America's Lifelines."

"Transportation services and facilities are vital to the social and economic well-being of all citizens and their institutions in the State of Texas," the memorandum noted.

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11)

SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

PROPOSITION NO. 2 ON THE BALLOT

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on $100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the EDUCATION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a tax of two cents on the $100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present dedication of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The $3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate $3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, nonprofit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the FINANCE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976, except Article VIII, Section 2, Subsections (b) and (c), which becomes effective January 1, 1978, and Article VIII, Section 6, Subsection(c), which becomes effective January 1, 1979.

PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 7 ON THE BALLOT

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to contribute more than 10%. A policy that the quality of the environment of the State of Texas is to be protected is established, and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably forseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the GENERAL PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 8 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Article XVII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

Card Of Thanks

We wish to express our deep appreciation to all who contributed funds for us having the first bale of cotton ginned in Milam County this year. Special thanks to Doug Williams of the Farmers Gin, who also ginned the bale free; the Cameron Chamber of Commerce, Richard Crowe of Buckholts, representing the Agriculture Committee. We will always remember all of you for your contributions.

Mr. and Mrs. Joe Vrazel
55-1tp

We wish to express our appreciation to all our friends and neighbors for the cards, flowers, food, and messages of sympathy to use at the time of our loss. We will always remember your kindness.

Legal Notice

Notice is hereby given that the Rural Electrification Administration intends to prepare a draft environmental impact statement in accordance with section 102 (2) (C) of the National Environmental Policy Act of 1969, in connection with an anticipated loan guarantee for Brazos Electric Power Cooperative, Inc., P. O. Box 6296, Waco, Texas 76706 and South Texas Electric Cooperative, Inc., P. O. Box 2485, Victoria, Texas 77901. This loan will provide for the construction of a 400 MW linite unit to be located in Atascosa and McMullen counties and 254 miles of related 345 kv transmission line. The related substation capacity will be one 400 MVA-345/138 kv.

Interested persons are invited to submit comments which may be helpful in preparing the draft environmental impact statement.

Comments should be forwarded to the Assistant Administrator-Electric, Rural Electrification Administration, U. S. Department of Agriculture, Washington D.C. 20250, with a copy to the borrower whose address is given above. Additional information may be obtained at the borrower's office during regular business hours.

Legal Notice-

CITY OF CAMERON, TEXAS

Notice of Finding of no Significant Effect on the Environment for projects in the Cameron Community Development Block Grant Program, Fiscal Year 1975.

(1) The projects in the Community Development Program for Fiscal Year 1975 include the following:

(a) Installation of Sanitary Sewers in Alabama Addition

(b) Paving and drainage for two blocks of Emancipation Street adjacent to O. J. Thomas School.

(c) Acquisition and clearance of land and installation of fence for park adjacent to O. J. Thomas School.

(d) Demolition of burned out or dilapidated structures in scattered locations in the City of Cameron, Texas.

(2) The City of Cameron has found that the proposed projects will have no significant effect on the environment.

(3) The facts and reasons for such finding for such decision are shown in the following excerpts from the full environmental assessment.

G. How will the environment described in F. affect the project?

1. Physical environment: The topography requires that the proposed sanitary lift station be installed to provide sewer service to the Alabama Addition. This action will remove a health hazard brought on by numerous (33) septic tanks in the area.

2. Social environment: Generally none.

3. Aesthetic environment: Generally none.

H. How will the project affect the environmental factors in F?

1. Physical environment: Provision of sanitary sewers will improve the environment in Alabama Addition by removing health hazard of septic tanks and permitting clearance of dilapidated structures and replacement by new homes when area sewer is installed.

2. Social environment: Improvement will be made by provision of new park and playground with necessary equipment which will provide a neighborhood park and playground which is now lacking in the O.J. Thomas School area. The housing program, demolition program and rehabilitation program will improve the physical environment as well so the social environment through removal of substandard housing.

3. Aesthetic environment: Aesthetic environment will be improved through removal of substandard housing and improvements in streets and drainage.

I. Where appropriate, describe the quality of the environment created by the project and its impact on the expected residents or users of the project.

1. Physical environment: Alabama Addition through provision of sanitary sewers, demolition of substandard structures and provision of new structure, will become an area in which residents will be happy to live in and in which the residents can be proud of.

Provision of the park will remove substandard structures and place a group of properties into one well - maintained unit which will be an improvement to the physcial environment.

2. Social environment: The program of the park and playground will provide a neighborhood recreational facility which area residents can use and participate in.

Elimination of substandard structures and non-maintained lots into one maintained property will eliminate health hazards which will have beneficial effect on users and area residents.

3. Aesthetic environment: Improvement in the appearance of the areas described above will provide an enhanced aesthetic environment which will have a beneficial effect on the users and residents.

J. What alternatives to the proposed project were considered and why were they rejected? What additional alternatives can be considered to avoid adverse environmental impacts?

a. Alternative locations or sites:

(1) Alabama Addition sewers: location is fixed by topography.

(2) Park at O. J. Thomas School: other locations adjacent to school would require removal of more structures and more relocation. Location away from school would not serve purpose.

(3) Location of new housing and rehabilitation will be determined by availability of vacant lots and by eligibility of residents for rehabilitation.

(4) Street paving locations are fixed within public right-of-way.

b. Alternative sizes and designs:

(1) Alabama Addition sewers must meet State Health Department and Water Quality Board standards, so there are no alternatives in this case.

(2) Street location sites are fixed by park location and urban renewal plan requirements.

K. Describe provisions of the proposal which were specifically designed to reduce adverse environmental impacts or to enhance environmental quality. Describe abatement measures which were rejected and the reasons for rejection (estimate costs)

Describe measures other than those included in the project being taken or planned to enhance environmental quality or reduce adverse environmental impacts.

Since there are only short term adverse effects during construction which will be abated to the maximum extent possible, no abatement measures are required. All proposed activities will enhance the environment.

L. What are the known views of governmental bodies, private organizations, local citizens, etc., concerning the proposed projects? Identify known or potential opposition groups and their views.

All projects have been reviewed at public hearings by citizens and no objections have been raised. Citizens groups participated in determination of needs and priorities.

(4) The City of Cameron has prepared an Environmental Review Record of the proposed projects. This record is on file for inspection by the public at the Cameron City Hall. Copies of the record are available.

(5) No further Environmental Review of the projects is proposed to be conducted and the City of Cameron intends to request release of funds for the projects.

(6) Comments of interested parties may be submitted to the City of Cameron for a period of fifteen days after publication of this notice at Cameron City Hall.

(7) Comments should be addressed to the City of Cameron, City Hall, Cameron, Texas, and to the Mayor of Cameron, Mr. Eugene Blake, at the same address.
